Tree of true wishes
From the Books of Bezgromoth

Books of many, the books are mine,
count if so find more than nine,
much more than wonder sits out by yonder,
maybe its time for yee to ponder.

From magical lands be ready behold,
stories never been heard or told,
Kings and Queens up mountains and higher,
dragons adventure if thats your desire.

Druids and love to test the time,
heres your journey its yours not mine,
fear not my friend I wish you well,
tales young and old I wish to tell

None will be like the other,
the journey we have alot to cover,
East to West, South to North,
These are my books of Bezgromoth.

Universe War I

Rise of the Sigma Divide

The 'Grand Order' is the government of the universe and is as old as time itself. It is comprised of two types of living beings, those with the presence of 'Prominence' and those without.

The 'Grand Order' is governed by a book called the 'Book of Prominence'. The book consists of sets of rules that guide and govern the universe. For a millenia the book served all beings well both mortal and immortal, until the rise of the 'Sigma Divide'.

The 'Sigma Divide' is a group of beings with and without 'Prominence', but choose not to follow the set of rules placed by the 'Order' because they believe them to be irrelevant. Now their sole mission is to overthrow the 'Grand Order'.

Desperate time times called for desperate measures, thus the 'Great Council' chose to create 'Sentry's' as legions to protect every part of the universe from the evil 'Sigma Divide' who ravaged worlds and forced people to join their cause.

This is the story an ordinary human from earth, who was about to be part of the universes greatest war.

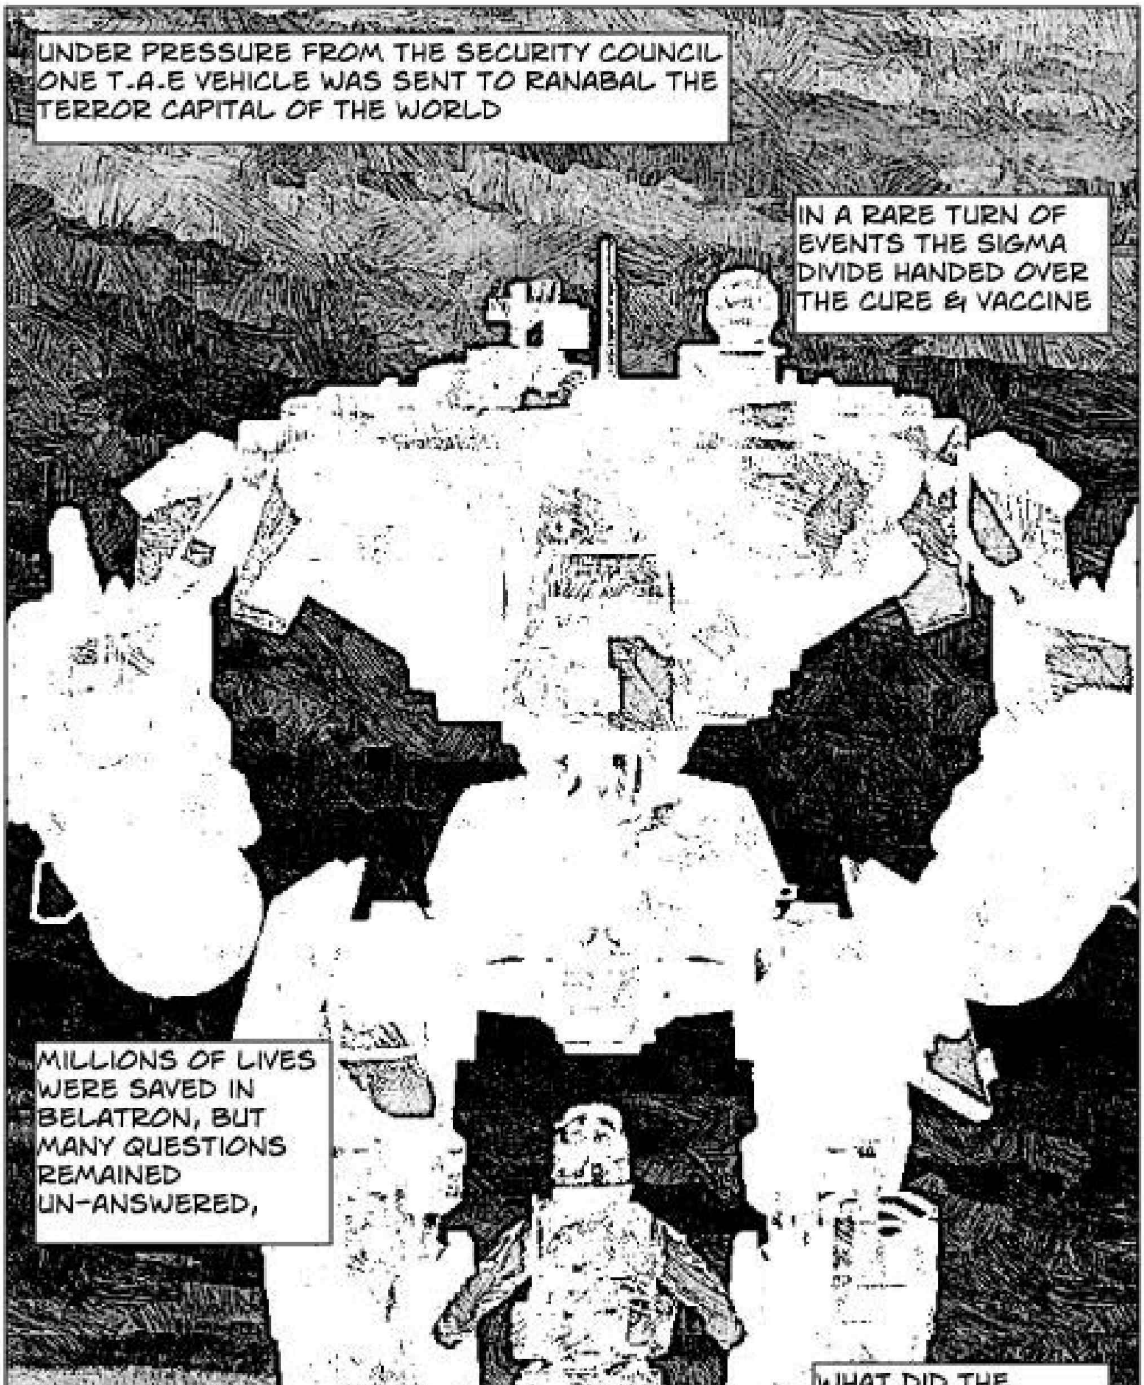
THEY'VE SPOTTED US CAPTAIN!
READY THE TORPEDO'S LEUTENANT
AYE AYE CAPTAIN!
IT'S EITHER NOW OR NEVER!



UNDER PRESSURE FROM THE SECURITY COUNCIL ONE T-A-E VEHICLE WAS SENT TO RANABAL THE TERROR CAPITAL OF THE WORLD
IN A RARE TURN OF EVENTS THE SIGMA DIVIDE HANDED OVER THE CURE & VACCINE
MILLIONS OF LIVES WERE SAVED IN BELATRON, BUT MANY QUESTIONS REMAINED UN-ANSWERED,
WHAT DID THE TERRORISTS NEED ONLY ONE SAMPLE OF THE SECRET MILITARY WEAPON FOR? & MOST IMPORTANTLY HOW COME THIS WEAPON WAS KEPT UNDER WRAPS FOR THIS LONG AND WHY.

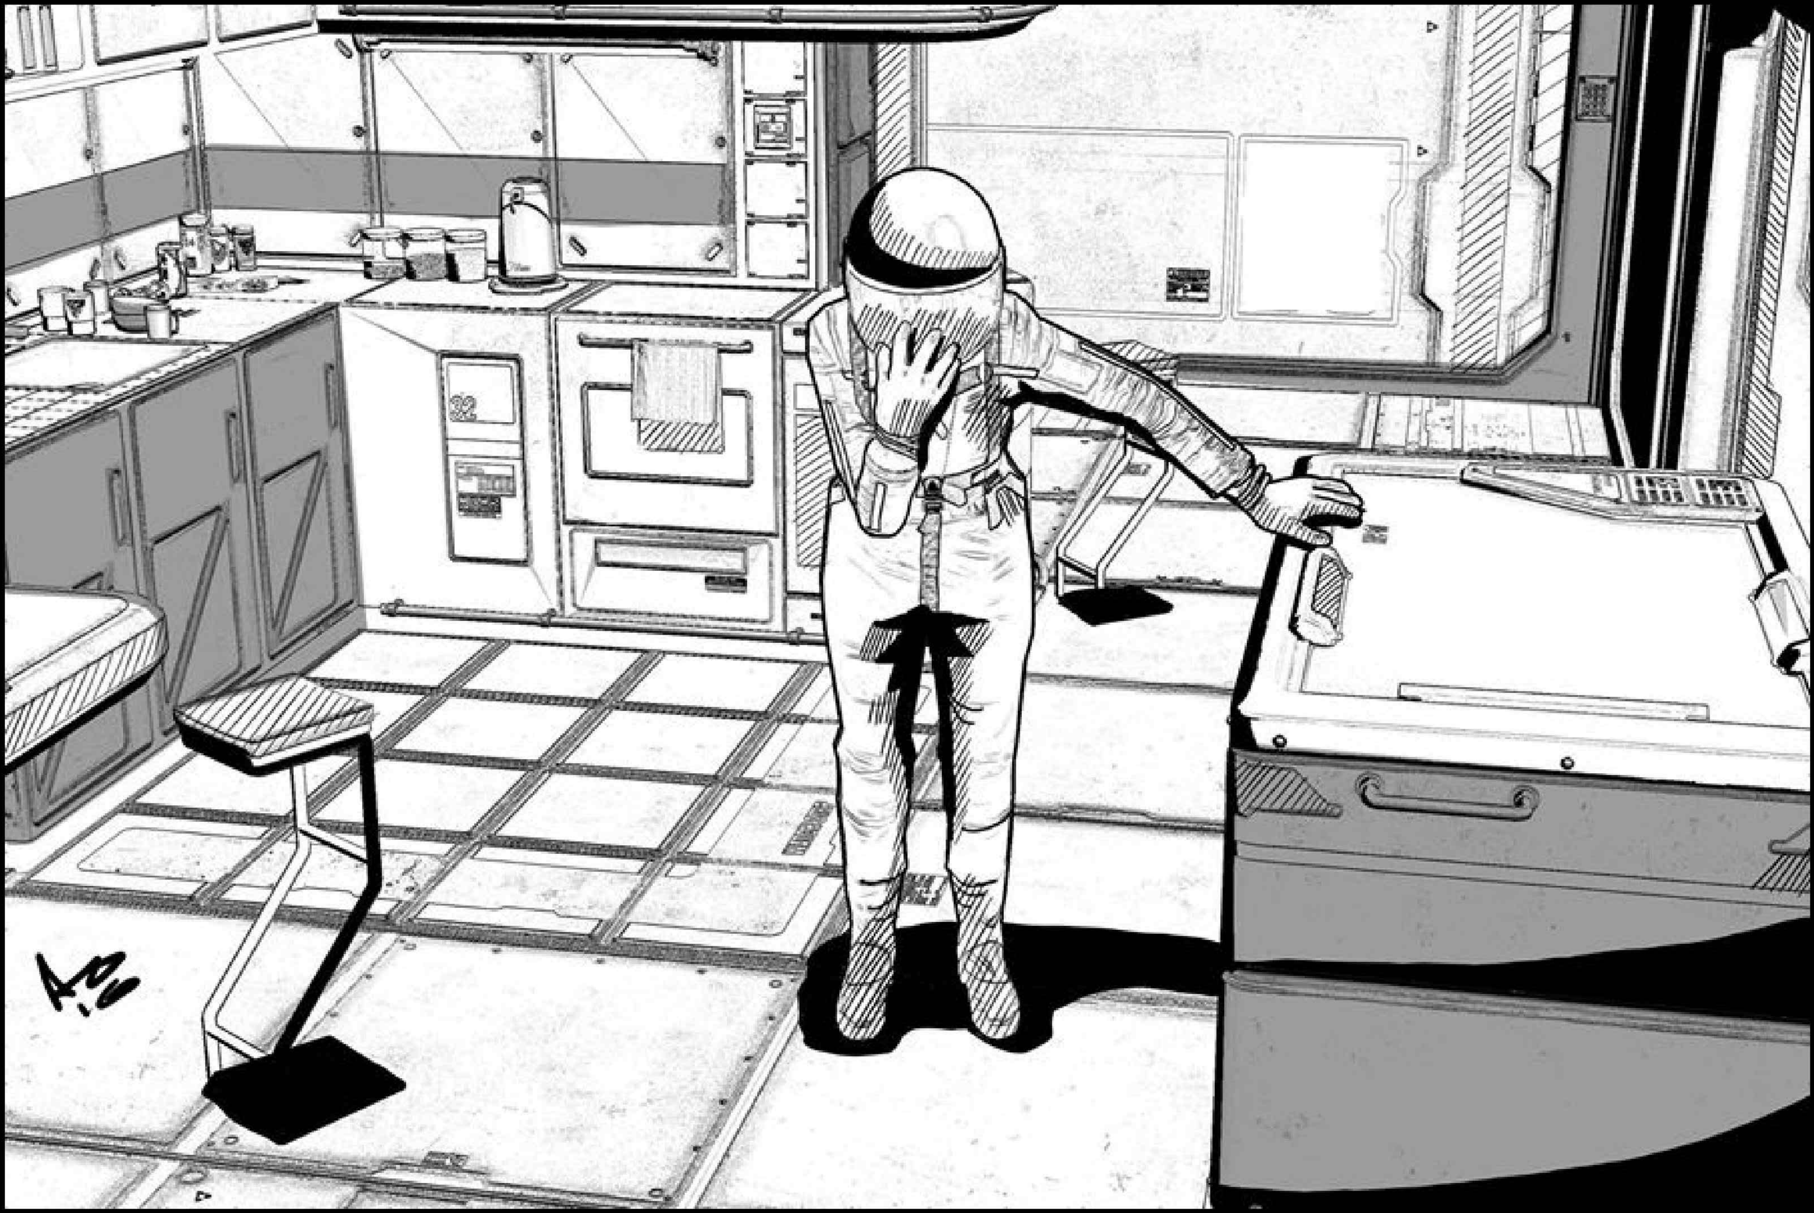
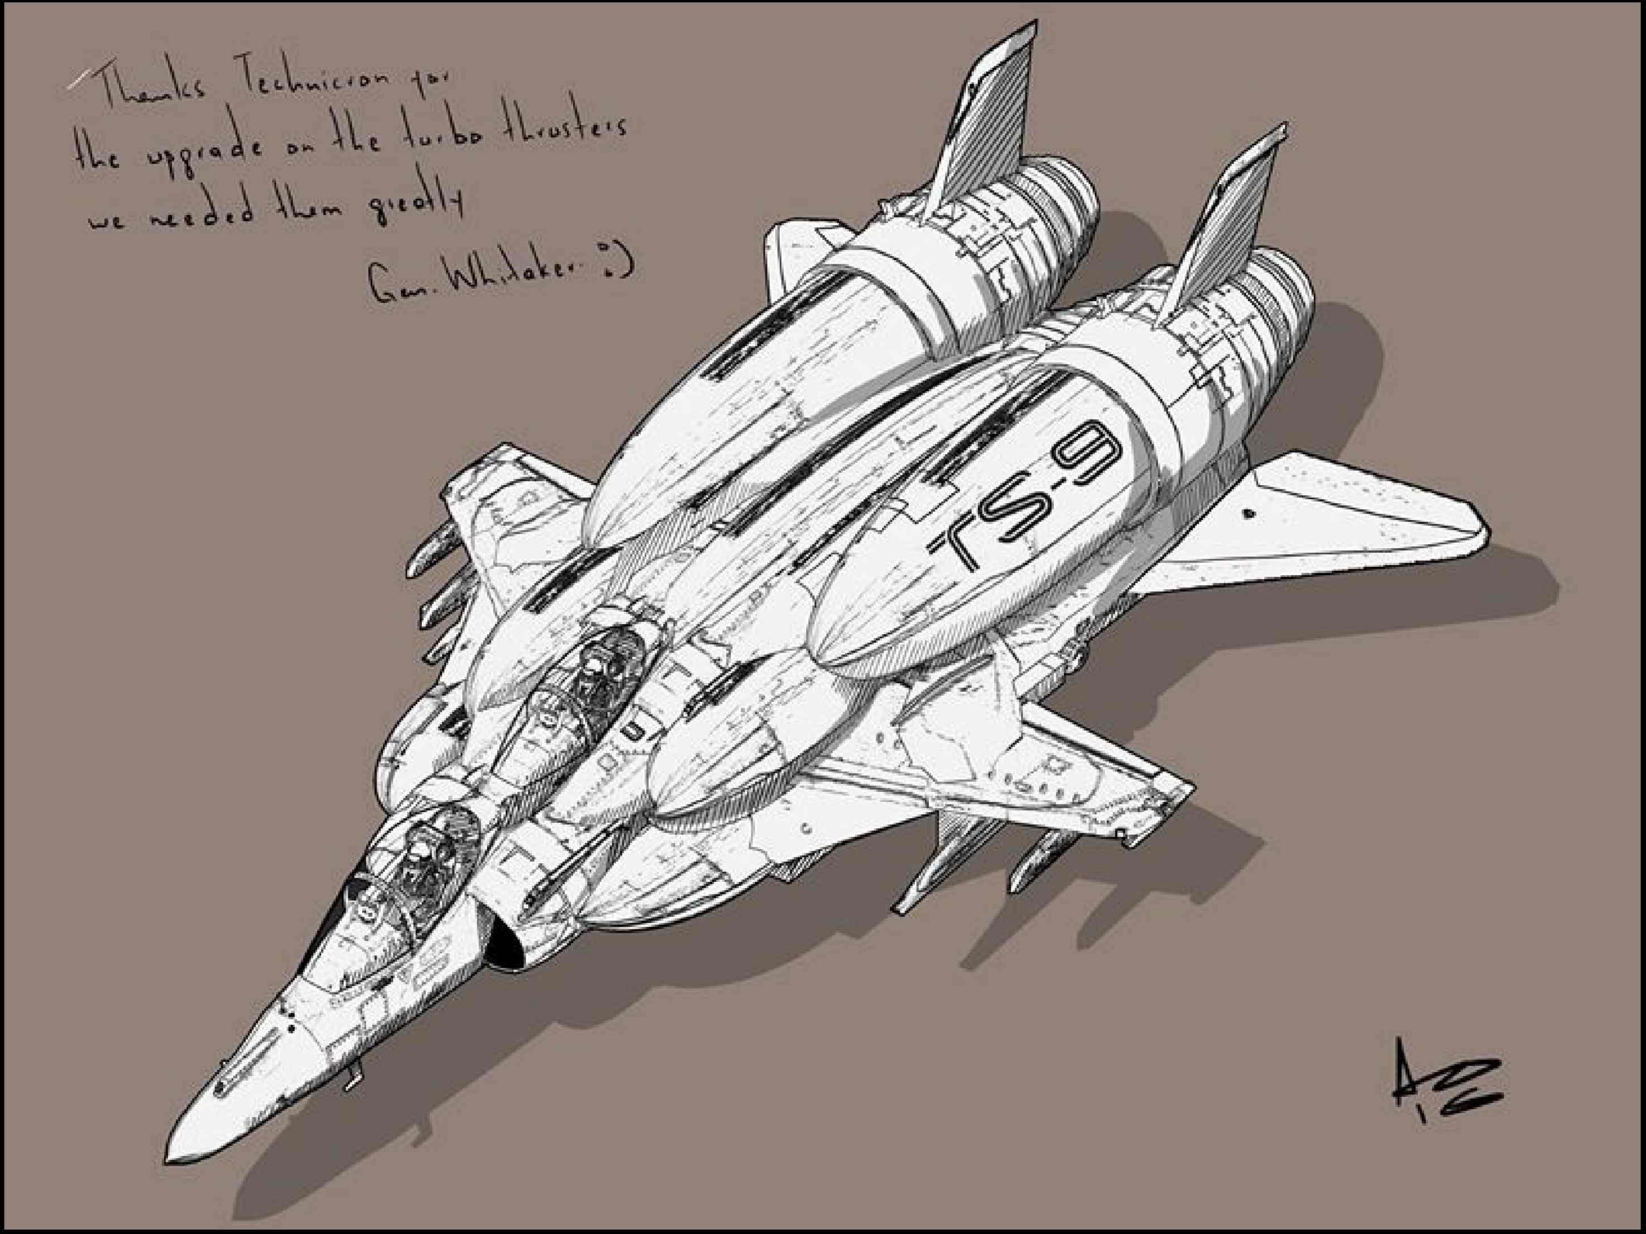
WHAT IN THE HEAVENS! THERES NO WAY THIS BEHEMOTH IS ABOARD MY SHIP
IT IS AND IN A WAY IT ISN'T, THE GUNRUN DISKS OPERATE ON METAPHYSICS, THE CONCEPTS OF TIME AND SPACE SIMPLY DO NOT APPLY
BUT WHAT WAS IT BUILT FOR?, HOW POWERFUL IS IT?
THE OLD TEXT CLAIM IT WAS A WEAPON OF INFINITE PROPORTIONS ABLE TO SMITE DEITIES, AND ABSORB ANY ENTITY AND COVERT IT TO ENERGY, INCLUDING TIME, LIFE & AND REALITY ITSELF
PROFFESSOR, ARE YOU TRYING TO SAY IT CAN ABSORB STARS AND GALAXIES?
CAPTAIN I'M TRYING TO SAY IT CAN DO MUCH, MUCH MORE
!?!





Thanks Technicron for
the upgrade on the turbo thrusters
we needed them greatly
